- Start spending money for affordable housing, green jobs, schools, post offices, public services, libraries, parks, green spaces, arts & culture, cleaning the snow, etc. Things the public DOES WANT! Specifically:

- RIGHTS FOR EVERY NYC RESIDENT: Ample clean organic non-GMO food; Ample funding & strong economic relationships with local & regional organic farmers; Rapid/reliable transport system and vehicles to transport food, goods, people etc. to/from NYC that can run on safe, clean, unlimited & sustainable energy sources; Clean ample publicly owned & controlled water supply; Decent free/low-cost self-owned, rental or communal shelter for ALL; Immediate rapid transition of NYC to clean sustainable electricity (solar power, wind, geo-thermal, Nikola Tesla's free-energy etc.); Free/low-cost high-quality health care, supplements, medical supplies, exercise, yoga/meditation/healing classes for ALL; Free/low-cost QUALITY parent-teacher-student-decided education with respect for home-schooling, Free/low-cost high quality university education; Free/low-cost high quality public transit system for ALL; Free/low-cost high-speed, Internet and cell phone for ALL; Ample funding funding for artists & activists that help/inspire/enrich the community; Everyone has a right to a satisfying job/profession; Everyone has right to live in peace, radiation & pollution-free; Long-time empty buildings/lots/spaces shall be counted, assessed, subsidized & developed for housing, urban farming, community centers, etc. First priorities: Decent housing for ALL presently homeless or near-homeless New Yorkers; Everyone has a right to peacefully protest, freely speak, and engage in citizen journalism & community organizing and not get locked-up/harassed/beaten or killed by the NYPD or other government agencies. All agencies must respect oath to Constitution & residents' rights to due process. Military must assist with the purging of hostile / rogue /evil /conspiratorial /treasonous elements within our government & within global power structure and HELP THE AMERICAN PEOPLE in protecting our food & water supplies and protect against foreign & domestic terrorists. The People & Police aggressively TRY & ARREST all suspected war criminals & gross human rights violators.

**Immediate tasks for the NYC RESIDENTS AND STAKEHOLDERS:**

- Spread the word about this document! Twitter hashtags: #TakeOurCityBack #TakeYourCityBack #WakeUpNYC #NYCPeoplesResolution #SOSNYC #SOSWakeUp #RiseUpNYC - Look at similar documents like: [www.TINYURL.com/OCCUEVOLVE](http://www.TINYURL.com/OCCUEVOLVE) and EVOLVE THESE DOCUMENTS!

- Spawn a popular movement to peacefully, respectably and responsibly TAKE BACK OUR STREETS and public spaces & parks and use them for awareness-raising, political organizing, shelter, art, inspiration, love-making, bonding, learning, skill-sharing, laughter and festivities 24/7. But most of all, political organizing!

- Create new humane laws for NYC and enforce them OURSELVES non-violently with empathy and compassion. Declare NYC a HUMAN RIGHTS ZONE.

- Begin PUBLIC oversight of the following agencies suspected of treasonous secret corrupt activity:

CIA, NSA, Homeland Security, FEMA, DARPA, NASA, EPA, FDA, AMA, ADA, TSA, NRC etc.

THE PEOPLE take ownership & management of all corporations & agencies that process, transport & distribute clean water, along with ones that dominate & control our seed storage production & distribution (i.e. Monsanto, Nestle, Poland Spring etc.). Make sure that NO ONE'S access to clean food, water is hindered. Protect from polluters! Take ownership & management of all U.S. regulatory agencies that have become dysfunctional & are endangering us.

Disband/dissolve these agencies & companies if public decide to do so. At very least, get rid of corrupt /treasonous /rogue elements of these agencies & companies. And in future have some sort of public oversight mechanism. **Hold employees accountable and investigate crimes against individuals and/or humanity; cover-ups, etc. Immediate DISCLOSURE of current and past projects worked on by these agencies and their malicious, reckless psychopathic behavior that has unnecessarily put human life and environment in harms way.**
